Break	09:45a	
Panel 1: Energy Insecurity: California's Evolving Energy System	10:00a	With new state clean energy mandates, growing market disruptions, and the ongoing climate crisis, how will California adapt to secure its energy future? What policies will guide California to building a resilient 100% renewable energy system?
Panel 2: San Diego's Energy Crossroads: Uniting for a Sustainable Energy Future	11:15a	For the first time in a century, the San Diego region will get to decide its energy future. Will we take this opportunity to truly democratize energy or fall into old habits and parochial traps?
Lunch	12:30p	
Panel 3: Equity in the Energy Economy: Creating an Inclusive Energy System for All	02:00p	How do we center equity and inclusion, promote fair economic development, and advance clean energy in today's evolving energy market? What needs to be done to make our energy system climate ready and safe?
Panel 4: No More SDG&E?; Looking Beyond Community Choice	03:15p	As SDG&E looks to get out of energy procurement entirely, cities across the state weigh municipalization in the wake of PG&E's bankruptcy, and climate change continues to threaten our energy systems, what's next for energy in San Diego after Community Choice?
Closing Remarks	04:00p	
Reception	04:15p
